A Move in the Right Direction.

We hear that a company is about to be incorporated under the Joint Stock Companies Ordinance for the purpose of operating woolen mills in the immediate vicinity of Calgary, to be known as "The Calgary Woollen Manufacturing Co., Limited." The prospectus will be issued in a few days; capital \$25,000 in 2,500 shares of \$10 each, of which it is proposed to call up only \$12,500. We are glad to hear of this move and will have something further to say of it at an early day.

Wanted.

A situation in Calgary by a young Scotch woman. Good cook and understands general housekeeping thoroughly. Best of references. Apply A. L. care Mrs. Macarthur, 115 Mayfair Avenue, Fort Rouge, Winnipeg, Man.

—Mr. Charles Victor Baring, barrister, of England, who accompanied Major Stewart and Mr. R. H. M. Rawlinson to the southern Alberta ranch country and into the East Kootenay Pass where the oil fields are supposed to be, has returned to town and is registered at the Alberta. Mr. Baring's destination is said to be a point in Alaska where his English clients are interested in a valuable timber limit.

THE WATER WORKS.

Very Liberal Arrangements Proposed by the Company.

Excellent progress has been made in excavating the trenches for the water works. The main runs along McIntyre avenue, up to South St., and is also laid on Heinach and Northcote avenues. Mr. Cushing's men are working rapidly up towards Stephen Avenue, keeping well ahead of the pipe layers.

The schedule of rates has been printed. These show very liberal modifications of the charges for consumption originally proposed. The original schedule of rates endorsed upon the contracts of the first company who issued contracts for water supply showed the following charges: In residences, for the first tap in a family not exceeding 4 persons, \$36 per year, baths \$18 a year, w. c. \$30 a year, with the proviso that the service pipe was to be furnished and connections made at the expense of the owner of the premises, and this proviso was also continued in the contracts signed by a number of the citizens last year and is authorized by the contract of the company with the municipal council.

The present company have, however, decided, in order to give every possible inducement for a general use of the water supply, to surrender the right to charge the consumer with the expense of connection from the main to his property, and they will in every case tap the main, make the excavation from the main to the property line, and supply and lay the pipe in the same with all necessary corporation taps, absolutely at their own expense. It will therefore only remain for the householder to pay for the excavation and piping inside his own property, and the company are prepared to do this at cost price, giving full advantage of their special rates in laying down the connection pipe. It is estimated that the expense of this will be about 60c. per foot from the property line to the house, exclusive of any taps required, and it will therefore be easy for the householder to calculate the outlay necessary for bringing the water inside his walls.

In cases where the house is rented, an arrangement can, of course, be made between owner and tenant as to distributing the expense of this connection.

The rates are as follows for water supplies:—Dwelling houses, including one bath and wash-basin, 1 to 2 rooms, \$10; 3 to 4 rooms \$12; 5 to 6 rooms \$24, 7 to 8 rooms \$32; 9 to 10 rooms \$36; 11 to 12 rooms \$40, 13 to 14 rooms \$48. W. C., \$12 per annum.

CONCERNING CALGARY

Our telegrams to-day will be found on the eighth page.

That horse with the "three white hind feet" which the Trib. has been clamoring for, fails to materialize.

—Some scamp opened the corral in the rear of Bain and Hamilton's stable last night and let out six of their horses. Only some of them had been found up to noon to-day.

Reading of government thermometer for the 24 hours ending 1 p.m., today:—maximum 53; minimum 42. Today at noon 66. Barometer 29.806.

—The Church of England is establishing a ladies collegiate school at Windsor, Nova Scotia, at a cost of \$50,000. A large portion of the capital was subscribed at a recent meeting of the Nova Scotia Synod.

—Last night Policeman Dillabough followed a woman into the Senate and arrested her for loitering on the street. Justice Shelton discharged the woman. He commended the policeman for his vigilance, but did not think he could arrest her within doors. The arrest, he held, should have been made on the street.

Great Rhubarb.

In G. C. Marsh & Co.'s office may be seen some fine samples of Rhubarb grown by Mr. George Fraser. One of the leaves measures 3 ft. 10½ inches across.

Church Services.

On Sunday next the 13th inst., Mr. F. W. Locke will preach at St. Andrew's at 1.30 p.m.; Mrs. Black's at 3 p.m. F. W. Locke.

Situation Wanted.

Wanted by young English lady—situation as governess to young children or companion to lady, and would assist in light housework. Address: Miss A. Cartwright, Birtle, Manitoba. July 9 li

Not to be Accepted.

It is said that the Mayor has notified Mr. Brownlee that the 2,000 copies of the Dominion Illustrated intended for the town are here subject to his order, it not being the intention of the town to accept them, the agreement with the council not having been carried out.

Business Failures.

Mr. Fred Gillespie has assigned to Mr. F. W. Pettit for the benefit of his creditors, as per advertisement in today's Herald. His liabilities in town are said to be very light.

—Mr. J. W. Power's jewelry business is understood to have been assigned to Mr. Asseltine for the benefit of creditors.

Those Boys Captured.

The Mounted Police have captured at Medicine Hat the boys John McDonald and Richard Campbell, charged with stealing Milton Field's and George Chapman's saddles, spurs, etc., and Edward Jacques' horse, and Dr. Lindsay's horse, Jack. They secured the whole outfit. The boys are being forwarded here just as they were caught with everything on them except the horses they rode.

Personal.

Mr. M. J. I. Sprenger, of the Domburg Ranch, (as intimated by us some days ago), leaves for Europe tonight. Mr. Sprenger has a host of friends in Alberta who will welcome his return.

Among arrivals at the Alberta yesterday were Mrs. Allen from Fort Macleod, Mrs. and Miss Richardson, Chicago, and Mrs. W. G. Wilson, Nanaimo, Ont.

Major Jack Stewart has returned from Macleod.

Mr. Charles Victor Baring is registered at the Alberta.

Hon. Mr. Dewdney was in Pictou, N. S., on July 1.

Calgary Lodge No. 3, Oddfellows.

At the regular meeting of this lodge, last night, the following officers were installed by D. D. Grand Sire, George Murdoch:

James Ryan, N. G.; J. F. Glanville, V. G.; H. F. Ross, Sec.; H. McLeod, Treas.; W. Brown, R. S. N. G.; E. McBride, L. S. N. G.; J. Motion, Conductor; J. S. Sney, Warder; W. J. Halliday, L. S. S.; W. Jarrett, R. S. V. G.; J. Jarrett, L. S. V. G.; J. McCleary, I. G.; J. G. Cleland, O. G.; J. Creighton, Chap. Bro. Dr. Lafferty took the first degree in Oddfellowship.

COME WEST, MR. CHAMBERLAIN.

The Rt. Hon. Joseph Chamberlain left England on June 20, with Mrs. Chamberlain, to visit the United States and Canada. They are, therefore, now on this side of the water. The Canadian Gazette of London states that, with a view to the further study of Inter-Colonial questions, the tour is arranged to extend over two months. Since Mr. Chamberlain will desire to see something more of Canada than he was able to cover in 1887, his attention is respectfully called to this great and growing Northwest country. Mr. Chamberlain can not know Canada without seeing the Northwest, nor can he fully master Canadian and international questions without full knowledge of the condition, resources and possibilities of this, the greater and richer part of Canada, which is bound to exercise a controlling influence over the Dominion's, possibly the Empire's, future. A trip through Canada from ocean to ocean might convey even to so well informed a statesman as Mr. Chamberlain, as accurate an idea of the extent of the British Empire as he is likely to receive through any other agency or by any other means. We hope Mr. Chamberlain will not return to England without having personally examined one of the most extensive and interesting of the Queen's dominions.

Railway Notes.

The work of construction on the Calgary and Edmonton railway commenced yesterday at a dozen different points on the first ten miles of the line,—the outfit being spread over at least that extent of country. The work begins at present at a point several miles up Nose Creek. The first ten miles of the work out from Calgary is under Mr. Kirby, C. E., and the second 10 miles under Mr. Drury, C. E., the former counting from the town itself. Mr. Drury was in town yesterday and went out to the work this morning at 8.30. At the Alberta hotel are registered Messrs. John Brown and J. A. Campbell, from Saskatoon, who were store-keepers for the company on the Prince Albert railway and will perform the same duties on this line.

Photography in Calgary.

Whatever defects appear in Calgary Illustrated, it must be said that Messrs. Boorne and May, the photographers, did their work exceedingly well. The original photos were all that could be desired but the reproduction of a number of them by the photo-gravure process did not do full justice to the scenes. This is no fault of the Calgary artists. We notice that they have just brought out a souvenir album, in beautiful form, containing sketches of scenes from Winnipeg to Vancouver, including several in Calgary. It sells at the low price of \$1.25 retail, and will, no doubt, be eagerly bought up. It makes a handsome present for friends at a distance. Boorne and May are erecting a new studio on sec. 16, which they will devote exclusively to work of this character, utilizing their present studio for portrait work.

The Hudson's Bay M. S.

The telegrams tell us that "the eastern press of all shades of politics speak approvingly of the Government's action regarding the Hudson's Bay railway," and the opinions of the Ottawa Citizen and Montreal Herald are quoted. Nevertheless, Sir John Macdonald is said to take no stock in the Hudson's Bay route to Europe, although he is willing to promote the opening up of the country between Winnipeg and Hudson's Bay.

The Howe Sale.

The Auction Sale (by Mr. Fitzgerald) at the Howe property, yesterday, went off well. There was a fair attendance of buyers; bidding was lively, and good prices were realized. Both auctioneer and owner were well satisfied with the result. Nearly everything was cleaned out.

Orange Social on Friday Evening.

A social will be held on Friday evening the 11th inst., at 9 o'clock sharp by the members of L.O.L. No. 1563, Calgary, in the L.O.O.F. hall, and refreshments will be served at the Royal Hotel. All members of the above lodge are kindly requested to attend. We understand that excellent arrangements have been made for the evening's enjoyment. A considerable number of good speakers will be present and the occasion will be one of great interest to members and friends of the order.

—A novelty in Calgary is a Chinese woman, recently arrived.

THE SPORTS AT LETHBRIDGE.

The Calgary lacrosse and football teams arrived home this morning and were met by a considerable number of friends at the station. Most of them are in good form but some have had severe handling. The general result of the engagement may be summed up thus.—In Lacrosse, Calgary took the first game in less than a minute. Lethbridge the second in 1b. 23m., and play continued until the two hours were up without another game being taken. The Lethbridge Lacrosse team was composed of heavy men, very much heavier than the Calgary team. Early in the second game West was laid off with a sprained ankle, caused by a Lethbridge player jumping on it, and later in the same game Short had his ankle sprained and had to give up. This weakened the Calgary team materially. Our men are of the opinion that a team can be made up out of the Calgary club which will beat any thing Lethbridge can produce.

As regards football Mr. West in an interview says:—"Lethbridge beat us all to pieces in football. Several of our players were disabled in lacrosse and we were at a disadvantage. Still, the Lethbridge football team is the best I ever saw. I have played against the best in Ontario, but the Lethbridge men can beat anything there. Most of them are hardy Scotch miners and very expert."

In the foot races Calgary did well. Tarrant came in first with ease in the 100 yard foot race, open. Calgary men won about \$180 on this race, and after that Lethbridge would bet no more. Tarrant of Calgary was first in the 100 yard race open to members of the lacrosse and football teams, Kerr of Calgary being second. Tarrant was first in kicking football, and F. Moran of Calgary second. Tarrant was first in throwing baseball and second for the long jump. In the half mile race Ward was second.

In throwing lacrosse ball P. McNamara of Calgary threw the greatest distance, but as the ball did not pass within a 50 yard limit his throw was not counted.

In the lacrosse match Binning was field captain for Calgary and A. J. Darch for Lethbridge; T. R. Vaughan umpire for Calgary and a Scotsman (whose name has not reached us) for Lethbridge; Harry Bentley, of Lethbridge, referee. There is no complaint of unfairness in any quarter.

We should add to the list of the wounded on the Calgary side J. L. Wilson who received serious injuries in the ribs. It was feared at first that a rib was broken.

We need hardly say that Calgary is well satisfied with the performance of her teams. This was a sort of trial trip. The boys found at Lethbridge "foemen worthy of their steel." They have learned their own weak as well as their strong points and they must now set to work to strengthen their weaker parts. We have no doubt that our citizens generally will henceforth take a more active interest in athletic and sporting matters and do what they can to encourage those who go abroad to uphold the honor of the town in the field of manly sports.

The Lineham Mill.

Mr. Lineham's mill at Sheep Creek was saving yesterday. It will begin the season's operations on Monday next.

Real Estate.

While there are no heavy transactions to report this week, the value of real estate steadily appreciates. \$5,000 is now asked for 25 ft. lots on Stephen Avenue a few feet from THE HERALD office. Attention is being called to lots on Stephen Avenue east of the post office, to Atlantic Avenue and to the land east of the Elbow.—The large proprietors in the latter section have been negotiating for some time with the Calgary and Edmonton people to have the workshops and station located there. It is said they have offered the railway half of all their holdings in that quarter, which would be a very large block of land. There are those, however, who hold that the C. P. R., who will ultimately own the railway, having the whole of section 17 will have the workshops located on the land they already own. It is supposed that when Mr. Van Horne of the C. P. R. and Mr. Ross of the Calgary and Edmonton meet, they will settle this doubtful point. Mr. Van Horne is still in British Columbia and Mr. Ross is detained in Winnipeg by his lawsuit with the Hudson's Bay railway company, and they may not meet here at all.

New Real Estate Agency.

Mr. W. F. Orr is opening a real estate agency in the old Herald building on Stephen Avenue east of the post office. Mr. Orr has had a large experience in this line, having been for many years inspector in Ontario for the North of Scotland Canadian Mortgage Co., Limited, of which J. W. Barclay, M.P., of Aberdeen, was chairman. E. B. Osler and other leading and wealthy citizens of Toronto a Canadian board, and Osler and Hammond of Toronto general managers in Canada. This position gave him an intimate acquaintance with real estate matters, and his local knowledge of Calgary should be of great assistance to him in his new venture.

For Over Fifty Years

TELEGRAPHIC.

First Contractor on the Calgary and Edmonton.

WINNIPEG, July 3.—Geo. H. Strevel leaves for Calgary today with an outfit and 100 men, having secured a contract for 100 miles of the Calgary and Edmonton railway.

Destructive Storm in Manitoba.

WAWANESA, Man., This section was visited by a severe wind, rain and hail on Tuesday night. Great damage was done to the crops; estimated between thirteen and fifteen thousand acres has been wholly or partially destroyed.

Winnipeg Races.

WINNIPEG, July 3.—Wednesday's races resulted as follows. Three year old colt race, Piccolo first, Castro second, Rustie third. Three minute trot: Lily P. first, Little Billy second, others distanced. 240 trot: Andy Fay first, Fred Mercer second, Grey Tol (T) 3rd, Jim fourth. On account of crookedness the race was declared off. Other events, postponed, are taking place this afternoon.

For the Calgary and Edmonton.

WINNIPEG, July 4.—Two hundred men and three grading outfits left this morning to work on the Calgary and Edmonton railway. Geo. Strevel has a contract for 100 miles, which he expects to finish in September.

The Winnipeg Races.

WINNIPEG, July 4.—The Turf Club closed a successful three days meeting yesterday. In the 240 trot Sleepy Jim was first, Bob White second, Mabel 3rd. In the novelty race, Davidson first, Thankful second. In half mile heats: Little Dan first, Minot second, Sleepy Joe third. In the Military race, Abbott first, Alfonso second, Acrobat third. In the Hurdle race: Harkaway first, Wild Rose second, Hummie distanced.

Frightful storm in Ontario.

TORONTO, July 3.—A violent wind, rain, hail, thunder and lightning storm passed over Picton, Belleville, Campbellford and vicinity on Tuesday night, doing immense damage to the crops, fences, bridges and live stock. Cattle were killed in the fields, and barns burned by lightning, and many people prostrated. Some farmers say they will not have a bushel of grain and have already turned their cattle into the wheat fields.

Drowned in Belly River.

LETHBRIDGE, July 4.—Chas. Raymond, foreman of the Cochrane Ranch, was drowned while driving a band of horses across the river, on horseback. His body is not recovered.

Important Order Issued.

BRANDON, July 4.—The Dominion land agents have received instructions to issue permits to cut hay on all unsold lands of the Canada North-West Land Co.

Remains of a Lost Child Found.

BELLEVILLE, July 4.—The body of a stray child of one Scrimshaw has been found in the bush near the parents house in Hawdon. The child perished from hunger and exposure.

CONSUMPTION SURELY CURED

TO THE EDITOR:

Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their Express and Post Office Address. Respectfully, T. A. SLOCUM, M.C., 182 WEST ADELAIDE ST., TORONTO, ONTARIO.

I CURE FITS! THOUSANDS OF BOTTLES GIVEN AWAY YEARLY.

When I say CURE I do not mean merely to stop them for a time, and then have them return again. I MEAN A RADICAL CURE. I have made the disease of Fits, Epilepsy or Falling Sickness a life-long study. I warrant my remedy to CURE the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my Infallible Remedy. Give Express and Post Office. It costs you nothing for a trial, and it will cure you. Address:—H. G. HOOT, M.C., Branch Office, 182 WEST ADELAIDE STREET, TORONTO.

Customs Sale.

The sale by the Customs authorities of the effects of a young Englishman, named Symons who died on his way from England to Calgary, took place this p.m. The bidding was spirited and fair prices were realized. The outfit was that of a rancher and cowboy, the goods being mostly first class. Among the buyers were J. L. Bowen, Fred Stinson, E. Hodder, Dr. Lafferty, Mackay (gunsmith) and others.

Removed.

Mr. W. Carroll removed today into his new stand in the Alberta hotel building. Mr. Carroll has here an abundance of room and light for shop purposes. We hope that at the new stand he will have excellent success.

THE CATUR.

noticed an article in the Tribune the other day, stating that the cayuse or Indian pony was not a native of the Territory but was a sadly degenerated representative of the horses introduced into the Territories fifty or sixty years ago by the Hudson's Bay Company.

The writer was right in one particular; that the Indian pony of the present day is not a native. The writer is wrong, however, as to the source from whence it sprang. A reference to Mackenzie's voyages, published in Philadelphia in 1802, shows that during the years 1789 and 1793 horses were known to be part of the possessions of the Picaneux, Blackfoot and Blood Indians. On page 68 of the book referred to, the Indians are mentioned as "people who deal in horses" and people who "take them upon war parties into Mexico." Fisher on in the same interesting book the quarrels of the Stone Indians and the Knisteneux Indians are attributed to thefts of horses and horses, and it is stated that these Indians had great numbers of horses and that they were brought in great numbers from the Spanish settlements in Mexico.

Mackenzie further states that at the time of his celebrated voyage during the years above referred to, many of the horses then in possession of the Indians were branded with the initials of the original owners.

It is quite evident also that at the time Mackenzie speaks of the horse had not thoroughbred, acclimatized, and it is stated that they were able to look after themselves both winter and summer.

Mr. Charles Mair of Prince Albert, author of "Tecomah," tells me that he has given this question some thought and research, and he is satisfied that the horse was introduced into the country by the Spaniards, and that the Blackfoot and other Indians, hearing of them, marched boldly down through hostile tribes to Mexico and captured and returned with them to the North country.

Intbreeding and the climate may probably account for the pony as he is found at the present day.

It is quite certain that the horse has been known and in use much over a hundred years and that branding is not by any means a modern idea.

Railway Notes.

Mr. Alex. Stewart, C.E., left this morning for Winnipeg to look up a line of duties on the Manitoba Southern.

Mr. Stewart has left in Calgary a host of friends who will be pleased to hear of his success in his new field. No successor to Mr. Stewart has been named. Mr. Bone remains in charge of the Calgary and Edmonton company's office here. The survey party coming up from Macleod have reached the Bow River, between Sheep Creek and Pine Creek. They will cross Pine and Fish Creeks near their mouths. It is thought this is their final survey. The surveying party working north have reached a point about 15 miles north of Leno Pine. They are about entering a region of bush and timber and, of course, their progress will be less rapid from this out.

Our telegrams to-day state George H. Strevel, who visited Calgary about a fortnight ago, has taken a contract to build 100 miles of the Calgary and Edmonton railway, and leaves Winnipeg with his outfit and 100 men for Calgary, to-day. Well informed persons think Mr. Strevel has scarcely secured a contract for 100 miles; that 50 miles will be found nearer the mark. Mr. Strevel is a director of the Commercial Bank of Winnipeg. He has been a contractor in the North-West under Whitehead, and under the C.P.R.; also under the Northern Pacific Co. in Manitoba on the Red River valley railway, the Portage Branch and the Morris and Brandon Branch.

Pine Creek Presbyterian Church.

The following subscriptions have been received:—Calgary Hardware Co., \$5; G. E. Jacques, \$5; J. S. Fries & Co., \$5; A. R. McAvish, \$5; H. S. Cayley, \$5; J. C. Wilson, Fish Creek, \$5; Geo. Ross, High River, \$10.

Horses for Brandon.

Four cars of horses were shipped from Calgary to Brandon today, two by Mr. Bham to Brandon and two by G. A. Campbell. The latter went from the N. W. Cattle Co.'s, ranche.

THAT was a very clever operation by which the agent of the English bondholders of the Albert railway in New Brunswick sold the railway twice over,—he to receive a commission in one case of \$2,500 and in the other \$8,000. Both parties claim the road and there promises to be unlimited litigation.

—Wawanesa, where a great hail, wind and rain storm has destroyed 13,000 to 15,000 acres of crop, is a place on the Northern Pacific and Manitoba's Morris and Brandon branch.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, excepting 8 and 16, which have not been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is the sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make the entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.
2. Residence for three years anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken in the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year, and 25 acres the third year.
3. The five years' system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation within six months after the date thereof, breaking 5 acres the first year, cropping these 5 acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, any homestead inspector or the intelligence officer at Medicine Hat or Qu'Appelle station. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands of his intention to do so.

INTELLIGENCE OFFICES

are situated at Qu'Appelle Station and Medicine Hat. Newly arrived immigrants will receive at any of these offices information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them.

A SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of recommendation countersigned by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1887.

INFORMATION.

Full information respecting the land, timber, coal and mineral laws, and copies of these regulations, as well as the respective Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the secretary of the Department of the Interior, Ottawa; the Commissioner of Dominion Lands, Winnipeg; Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

TELEGRAMS.

Another Great Storm in Ontario.

(Special to THE HERALD.)

UNBRIDON, July 9.—The heaviest thunder storm known in this section prevailed yesterday afternoon. Daniel Larry, a farmer, in the cellar with his wife churning was struck by lightning and instantly killed. The residence of A. Spiera, hardware merchant, was badly wrecked. In Beach township lightning struck the barn of Joseph Watson, killing the hired man, Norman Davidson, and seriously injuring the latter's brother. The building and 11 head of cattle were burned; loss \$4,000. No insurance. The storm was accompanied by hail, doing considerable damage to crops.

The Great Orange Demonstration.

(Special to THE HERALD.)

WINNIPEG, July 9.—The Orange Celebration on Saturday next, won't be such a big affair as it might have been. Application was made at various points for 5,000 excursion tickets but the available rolling stock of the C. P. R. cannot carry over 5,000. The bulk of excursionists must return the same day they arrive, as hotel accommodation cannot be had for half of the number of visitors.

Lieut. Governor Daly.

(Special to THE HERALD.)

OTTAWA, July 9.—It is understood that M. B. Daly, ex-M. P., Halifax, has been appointed Lieut.-Governor of Nova Scotia. He is the son of Sir Dominick Daly, former governor of Prince Edward Island, and represented Halifax from '78 to '87, but was not a candidate last election.

Northwest Cricketers in Toronto.

(Special to THE HERALD.)

TORONTO, July 9.—The cricket match, the Northwest against all Toronto, resulted in a draw, owing to interruption by rain. In the 1st innings the North-west made 62 to 30 for Toronto and in second innings had 78 for six wickets when the game stopped.

The Portage Races.

(Special to THE HERALD.)

PORTAGE LA PRAIRIE, July 9.—The races yesterday were a decided success. The three minute trot: Grey John, first, Little Billy, second, Lily B, third. Mile dash: Piccolo, first, Alex, second, Jessie Ranka, third. Half mile heats: Bay Billy, first, White Stockings, second, 2:45 trot: Bay George, first, Billy B, second, Long George, third, Jim, fourth. The races continue today.

A Buffalo Prize Fight.

(Special to THE HERALD.)

BUFFALO, July 9.—A prize fight with skin tight gloves between Ike Weir and James Connors, last night, was won by Weir in the third round.

The American Defeated.

(Special Telegram to THE HERALD.)

LONDON, July 9.—Pascotta, the American amateur sculling champion, competed with Kennedy in the first heat for the diamond sculls at Henly regatta yesterday. Kennedy won the heat by four lengths.

Baseball.

(Special to THE HERALD.)

CHICAGO, July 9.—The following is the result of Tuesday's games:—

NATIONAL LEAGUE.

Boston 15, Pittsburgh 1.
Philadelphia 8, Cincinnati 4.
New York 2, Chicago 3.
Brooklyn 1, Cleveland 7.

The Supreme Court Today.

Ben Munro's case was called first yesterday afternoon, it having been set down as the first case for trial, by agreement between the Crown Prosecutor and Mr. West; but when the hour came round the Crown Prosecutor announced that the private prosecutor (Chamberlaine) had not arrived and the case must stand until he came. Mr. West stated that his client was ready for his trial, and there being no one to prosecute he asked for his discharge. The judge said he could not force the Crown Prosecutor to go on if he was not ready. The case of Pepo was then taken up, ending in his conviction as stated yesterday. This morning the Scott case was postponed, owing to the absence through illness of Mrs. Tough, who had a fit in Field's drug store last evening, and was fixed for Saturday. Dr. Lovingheart pleaded not guilty and elected to be tried by the court, and his case was fixed for tomorrow. The Munro case was put down for this afternoon.

Change of Business.

All parties indebted to W. Carroll, Merchant Tailor, are requested to settle same by 1st August, and all accounts not settled by that date will be placed in the hands of a lawyer for collection. W. Carroll, Merchant Tailor, Calgary, July 9th.
